Executive Mastery: Governance, Leadership, and Strategic Management Intensive

Ref: 3254179_150668 **Date:** 26 – 30 July 2027 **Location:** Kuala Lumpur (Malaysia) **Fees:** 4200 GBP

Introduction

The CEO/DCEO and Directors course is designed to provide comprehensive training for executives and directors in the areas of corporate governance, risk management, strategic planning, and financial management. This course aims to equip participants with the knowledge and skills necessary to effectively lead and govern organizations, make strategic decisions, manage risks, and ensure financial stability and growth. Understanding the importance of corporate governance and applying good governance practices are critical to the success of modern businesses.

By the end of this course, participants will gain insights into the strategic management process and learn to apply leadership principles effectively in decision-making and organizational management.

Course Objectives

The CEO/DCEO and Directors course is designed to achieve the following objectives:

- Understand the role and responsibilities of CEOs/DCEOs and directors in corporate governance: Participants will learn about corporate governance principles and best practices. They will understand the critical role that CEOs, DCEOs, and directors play in driving good governance and ensuring accountability within their organizations.
- Enhance leadership and decision-making capabilities: Through this course, participants will understand types of leadership and how to apply effective leadership styles in their organizations. They will learn strategic decision-making techniques, strategic leadership approaches, and how to lead organizational change.
- Develop a comprehensive understanding of risk management principles: The course will delve into governance risk and compliance, teaching participants how to identify, assess, and mitigate risks in the corporate environment. Participants will gain insights into crisis management and how to develop a business continuity plan.
- Learn strategic planning frameworks to drive organizational growth: Participants will acquire knowledge on strategic management frameworks and strategic planning tools, enabling them to create and execute strategic objectives that ensure their organizations stay competitive and sustainable.
- Gain expertise in financial management: Participants will develop key skills in financial management, including how to analyze financial data, create budgets, forecast future financial needs, and make capital investment decisions that align with organizational goals.

Course Outlines

Day 1: Introduction to Corporate Governance

- Overview of corporate governance principles and frameworks.
- Roles and responsibilities of CEOs, DCEOs, and directors in ensuring good governance.
