Customer Journey Map (CJM)

Code: CC28 From: 21 - 25 April 2025 City: Geneva (Switzerland) Fees: 4700 Pound

Introduction

The Customer Journey Map CJM course is designed to provide participants with a comprehensive understanding of customer journey mapping, a powerful tool used to visualize and analyze the customer's experience throughout their interactions with a product, service, or organization. This course aims to equip participants with the knowledge and skills to create effective CJMs that can drive customer-centric improvements, enhance customer satisfaction, and inform strategic decision-making.

Objectives

- Understand the concept and importance of customer journey mapping in enhancing customer experiences.
- Familiarize participants with the key elements and components of an effective customer journey map.
- Learn techniques for gathering customer insights and data to inform the creation of accurate and insightful CJMs.
- Develop the skills to analyze and interpret customer journey maps to identify pain points, opportunities, and areas for improvement.
- Explore strategies for using customer journey maps to drive customer-centric initiatives and foster customer loyalty.

Course Outline

Day 1

Introduction to Customer Journey Mapping

- Overview of customer journey mapping and its significance in customer experience management
- Key benefits and applications of CJMs in various industries
- Understanding customer touchpoints and the customer lifecycle
- Introduction to persona development and its role in CJMs

Day 2

Creating Effective Customer Journey Maps

A graphic of a chessboard with several chess pieces (a king, a queen, a rook, and a pawn) on it. The board is white and black, and the pieces are gold and silver. The text 'UK Training PARTNER' is overlaid on the board.

UK Training
PARTNER
