## Sustainable Finance Management

Code: FA28 From: 10 - 21 March 2025 City: Amsterdam (Netherlands) Fees: 7500 Pound

### Introduction

The Advanced Sustainable Finance Management course is a comprehensive program designed to provide participants with the latest knowledge and practical skills required to excel in the field of sustainable finance. This course delves into the most modern and advanced concepts, strategies, and tools used in sustainable finance management. Participants will gain a deep understanding of the key principles, frameworks, and best practices shaping the industry today.

### Objectives

- Understand the fundamentals of sustainable finance: Participants will develop a solid foundation in sustainable finance, including its key concepts, principles, and the rationale behind integrating environmental, social, and governance ESG factors into financial decision-making.
- Explore advanced sustainable investment strategies: This course will cover cutting-edge investment strategies, such as impact investing, green bonds, and ESG integration, enabling participants to identify and evaluate investment opportunities that align with sustainability goals.
- Learn about sustainable risk management: Participants will gain insights into assessing and managing environmental and social risks in investment portfolios, including climate change risks, reputational risks, and regulatory risks. They will also explore tools and techniques for measuring and reporting on sustainability-related risks.
- Understand sustainable corporate finance: This module will focus on integrating sustainability considerations into corporate finance decisions, including capital budgeting, project finance, and mergers and acquisitions. Participants will learn how to assess the financial implications of sustainability initiatives and evaluate their impact on shareholder value.
- Gain knowledge of sustainable financial products and services: Participants will explore the latest developments in sustainable financial products and services, including green loans, sustainability-linked bonds, and sustainable insurance. They will understand the market trends and regulatory frameworks driving the growth of these products and how to engage with them effectively.

### Course Outline

#### Day 1

##### Introduction to Sustainable Finance

- Overview of sustainable finance principles and concepts
- Global trends and drivers of sustainable finance

The logo for UK Training Partner, featuring the text 'UK Training' in a smaller font above the word 'PARTNER' in a large, bold, black font. The background of the logo is a stylized chessboard with several chess pieces (a king, a queen, and a pawn) in gold and silver.

- Legal and regulatory frameworks for sustainable finance
