## Governance and Sustainability

Code: LM28 From: 1 - 5 July 2024 City: Kuala Lumpur (Malaysia) Fees: 3900 Pound

### Introduction

The Advanced Governance and Sustainability course is designed to provide participants with a deep understanding of the principles, practices, and challenges related to governance and sustainability in the modern business landscape. This course explores advanced concepts and strategies that organizations can adopt to enhance their governance frameworks and integrate sustainable practices into their operations.

### Course Objectives

- Gain a comprehensive understanding of governance principles and best practices.
- Explore the significance of sustainability and its integration into organizational strategies.
- Learn advanced techniques for developing effective governance frameworks.
- Understand the role of stakeholders and their engagement in governance and sustainability.
- Examine the link between governance, sustainability, and long-term organizational success.
- Develop the skills to identify and address emerging governance and sustainability issues.

### Course Outline

#### Day 1

##### Introduction to Governance and Sustainability

- Overview of governance and sustainability
- The business case for integrating sustainability into governance practices
- Principles of good governance
- Understanding sustainability frameworks and standards
- Ethical considerations in governance and sustainability

#### Day 2

##### Advanced Governance Structures and Mechanisms

- Board effectiveness and governance mechanisms
- Risk management and internal controls
- Compliance and regulatory frameworks
- Transparency and disclosure practices
- ESG Environmental, Social, and Governance integration in governance
