Telecommunications Regulation Laws

Code: GC28 From: 10 - 14 March 2025 City: Brussels (Belgium) Fees: 4900 Pound

Introduction

This advanced training course on Telecommunications Regulation Laws is designed to provide participants with a comprehensive understanding of the legal frameworks that govern the telecommunications industry. Covering a range of key topics, the course aims to equip professionals with the knowledge and skills needed to navigate the complex regulatory landscape of telecommunications.

Course Objectives

- To familiarize participants with the foundational principles of telecommunications regulation.
- To provide an in-depth understanding of the legal frameworks governing telecommunications at both national and international levels.
- To explore the evolving challenges and opportunities in telecommunications law, including emerging technologies and market dynamics.
- To equip participants with practical tools for compliance, enforcement, and regulatory advocacy in the telecommunications sector.
- To foster a collaborative learning environment where participants can engage in discussions, case studies, and interactive sessions to enhance their problem-solving skills.

Course Outlines

Day 1

Fundamentals of Telecommunications Regulation

- Introduction to basic concepts in telecommunications law.
- Overview of regulatory authorities and their roles.
- Key legal principles shaping the telecommunications industry.
