Public-Private Partnerships (PPPs)

Code: FA28 From: 23 June - 4 July 2025 City: Amsterdam (Netherlands) Fees: 7500 Pound

Introduction

Public-Private Partnerships PPPs have become a popular model for collaboration between the public and private sectors in delivering public infrastructure projects and services. PPPs involve long-term contractual arrangements between the government and private entities to develop, finance, operate, and maintain public assets. This advanced course provides participants with a comprehensive understanding of the modern concepts and practices in PPPs, equipping them with the knowledge and skills necessary to navigate the complexities of implementing successful PPP projects.

Objectives

- Gain a deep understanding of the concept, principles, and key features of PPPs.
- Explore the latest trends and innovations in PPP structures and models.
- Examine the legal, regulatory, and institutional frameworks for implementing PPPs.
- Learn the tools and techniques for project identification, feasibility assessment, and risk analysis in PPPs.
- Understand the financial structuring and contract management aspects of PPP projects.
- Evaluate the social, economic, and environmental impacts of PPPs.
- Analyze international best practices and lessons learned from successful PPP projects.
- Develop strategies for effective stakeholder engagement and risk mitigation in PPPs.
- Learn about emerging topics and challenges in the field of PPPs.
- Participate in interactive case studies and real-world simulations to apply the knowledge gained.

Course Outline

Day 1

Introduction to Public-Private Partnerships

- Definition, objectives, and key features of PPPs
- Historical evolution and global trends in PPPs
- Benefits and challenges of using PPPs for public infrastructure projects
- PPP models: Build-Operate-Transfer BOT, Design-Build-Finance-Operate DBFO, Concession, etc.
- Legal and regulatory frameworks governing PPPs

Day 2

Project Identification and Feasibility Assessment in PPPs

A graphic of a chessboard with several chess pieces (a king, a queen, a rook, and a pawn) on it. The board is white and black, and the pieces are gold and silver. The text 'UK Training PARTNER' is overlaid on the board.

UK Training
PARTNER

- Identifying viable projects for PPP implementation
- Assessing the technical, economic, and financial feasibility of PPP projects
- Conducting market analysis and demand forecasting
- Risk assessment and allocation in PPP projects
- Environmental and social impact assessment in PPPs

Day 3
