Conference on Document Management and Electronic Archiving

Code: HR28 From: 5 - 9 August 2024 City: Cape Town (South Africa) Fees: 3700 Pound

Introduction

A document management system is a computer system used to track and store electronic documents. It is usually capable of keeping track of the different versions modified by different users. The term has some overlap with the concepts of content management systems. It is often viewed as a component of enterprise content management systems and related to digital asset management, document imaging, workflow systems, and records management systems. This conference shows participants how to deal with documents in an electronic way to get rid of the paper's hard copy which takes a lot of space and time.

Conference Objectives of Document Management and Electronic Archiving

- Managing/controlling documents, including folders and forms, reduce document distribution costs -no more paper
- Distributing and view documents costs -no more paper
- Scanning, OC, indexing, and archiving paper documents
- Automating other office functions that involve workflows and electronic mail
- Addressing requirements of ISO 9000 and other regulatory agencies
- Understanding different technologies involved in EDMS
- Managing EDMS projects and justify ROI
- Getting hands-on training on some EDMS products
- Evaluating merging standards

Conference on Document Management and Electronic Archiving Outlines

Day 1

- The changing information landscape
- The digital challenge
- The need for EDMS and EDRMS
- Differences between document and records management
- ISO 9000 & other regulatory requirements
- Information risks

Day 2

- The functional difference between EDMS and EDRMS
- Technology Options
- Authoring Systems

The logo for UK Training Partner features the text 'UK Training' in a small, black, sans-serif font above the word 'PARTNER' in a large, bold, black, sans-serif font. The text is positioned over a background of a chessboard with several chess pieces (a king, a pawn, and a knight) and a series of concentric white circles radiating from behind the pieces.

- Card/folio based systems and scanning functionalities
- Types of document and records management systems
- Which suits your organization?
- Implementing EDMS/EDRMS
- Change Management as part of the implementation

Day 3

- Off - the-shelf vs. customs systems
- Allocating resources: who needs to be involved in a successful rollout?
- Looking at a live EDRMS system
- Updating and data migration between systems
- Data handling and digital continuity within the context of EDMS/EDRMS

Day 4

- Documents on demand: a new model for document management
- Multimedia documents
- Extracting information from documents: a computer vision approach
- Workflow and document management
- Business process management - an overview
- Intelligent business process management & document interaction

Day 5

- Document security - authentication, authorization, and audit
- Document security - digital right management perspective
- Managing compound documents
- Digital signatures
- Document retrieval

A graphic of a chessboard with several chess pieces (a king, a queen, a rook, and a pawn) on it, set against a background of concentric circles. The text 'UK Training PARTNER' is overlaid on the right side of the board.
