Managing & Improving Public Sector Performance

Code: NC28 From: 27 - 31 January 2025 City: Madrid (Spain) Fees: 4200 Pound

Introduction

This new training seminar is specifically aimed at those in the Public Sector who want to make improvements within the constraints of Government Control and existing Labor - Laws. This practical training course will explore a number of solutions, offering you new techniques and tools, which will aid your organization to produce measurable added value.

This will be a very practical training course and will go through all the key processes that can make a difference to public sector organizations; such as Competency, Performance, Employee attendance, Performance Appraisal, and building better Organizational Capability. New techniques in employee motivation will also form part of this innovative course.

Course Objectives of Improving Public Sector Performance

- Be able to show others how to significantly improve on your existing investment in competencies
- Analyse and demonstrate how performance can be improved in the Public Sector
- Take action and demonstrate financially how improving reliability will add value
- Understand and be able to significantly improve any existing Performance appraisal system and explain the benefit to Management
- Learn techniques to apply to motivate staff, specifically in the Public Sector
