### The Governance & Risk Management in The Public Sector

Code: CT28 From: 14 - 25 October 2024 City: Lisbon (Portugal) Fees: 7900 Pound

#### Introduction

In today's rapidly evolving global landscape, effective governance and robust risk management are paramount for the smooth functioning and sustainable development of the public sector. This course is designed to provide participants with a comprehensive understanding of the latest concepts, methodologies, and best practices in governance and risk management tailored specifically for the public sector.

### **Objectives**

- To comprehend the fundamental principles of governance and risk management in the context of the public sector.
- To explore advanced strategies and techniques for identifying, assessing, and mitigating risks within public sector organizations.
- To understand the role of governance frameworks, policies, and regulations in ensuring transparency, accountability, and ethical behavior in the public sector.
- To examine case studies and real-world examples showcasing successful governance and risk management practices in various public sector domains.
- To equip participants with the knowledge and skills necessary to develop and implement effective governance and risk management strategies in their respective organizations.

#### **Course Outlines**
