Certified Management Accounting (CMA)

Code: FA28 From: 7 - 11 July 2024 City: Dubai (UAE) Fees: 3900 Pound

Introduction

The Certified Management Accounting CMA course is a comprehensive and advanced program designed for professionals seeking to enhance their skills in management accounting and financial management. This five-day course provides participants with the most modern and up-to-date concepts, tools, and techniques required to excel in the field of management accounting. It combines theoretical knowledge with practical applications to equip participants with the necessary skills to make informed financial decisions and contribute effectively to organizational success.

Objectives

- **Advanced Understanding of Management Accounting:** Gain a deep understanding of the principles, concepts, and techniques of management accounting, including cost analysis, budgeting, performance measurement, and decision-making.
- **Financial Management Skills:** Develop advanced financial management skills, including financial analysis, planning, and control, to support strategic decision-making and maximize organizational performance.
- **Strategic Planning and Execution:** Learn how to integrate management accounting practices into strategic planning processes, align financial goals with organizational objectives, and effectively execute financial strategies.
- **Risk Management and Internal Controls:** Understand the importance of risk management and internal controls in ensuring organizational sustainability and learn how to identify, assess, and mitigate risks effectively.
- **Ethical Considerations:** Explore ethical considerations in management accounting and learn to apply ethical principles and professional standards in financial decision-making.
