Advanced Course on Distinguishing Institutional Performance

Code: LM28 From: 22 July - 2 August 2024 City: Cape Town (South Africa) Fees: 6600 Pound

Introduction

In today's complex global landscape, understanding institutional performance is paramount for success. Institutions, whether governmental, non-profit, or corporate, play a crucial role in shaping societies and economies. However, evaluating their performance requires a nuanced understanding of various factors, including governance structures, strategic decision-making, operational efficiency, and stakeholder engagement. This advanced course aims to equip participants with the tools and insights necessary to discern and analyze institutional performance effectively.

Objectives

- Explore the contemporary theories and frameworks used to assess institutional performance.
- Develop critical thinking skills to identify key performance indicators KPIs relevant to different types of institutions.
- Understand the role of data analytics and emerging technologies in measuring institutional performance.
- Examine case studies and real-world examples to illustrate best practices and common pitfalls in performance evaluation.
- Cultivate strategies for driving continuous improvement and innovation within institutions.
