Advanced Course on Distinguishing Institutional Performance

Code: LM28 From: 3 - 14 August 2026 City: Amsterdam Fees: 7100 Pound

Introduction

In today's complex global environment, understanding institutional performance is crucial for success. Institutions—whether governmental, non-profit, or corporate—play a pivotal role in shaping societies and economies. However, evaluating their performance requires a nuanced understanding of various factors, including governance structures, strategic decision-making, operational efficiency, and stakeholder engagement. This advanced course aims to equip participants with the tools and insights needed to effectively assess and analyze institutional performance, driving organizational success and enhancing institutional effectiveness.

Course Objectives

- Explore contemporary theories and frameworks used to assess institutional performance.
- Develop critical thinking skills to identify key performance indicators KPIs relevant to various types of institutions.
- Understand the role of data analytics and emerging technologies in measuring institutional performance.
- Examine case studies and real-world examples to illustrate best practices and common pitfalls in performance evaluation.
- Cultivate strategies for driving continuous improvement and innovation within institutions.

Course Outlines
