# Methods of Sensitive Premises Protection and Emergency Management

Code: HS28 From: 22 - 26 July 2024 City: London (UK) Fees: 5200 Pound

## Introduction

The Methods of Sensitive Premises Protection and Emergency Management course is designed to provide participants with the most modern and advanced techniques and strategies for safeguarding sensitive premises and effectively managing emergencies. This comprehensive course will equip attendees with the knowledge and skills necessary to assess threats, implement security measures, and respond to emergencies in a proactive and efficient manner.

## Objectives

- Understand the concept of sensitive premises and the importance of protecting them from potential threats.
- Gain knowledge of the latest trends, technologies, and best practices in sensitive premises protection and emergency management.
- Develop the skills to conduct threat assessments and vulnerability analyses for different types of sensitive premises.
- Learn how to design and implement effective security measures to mitigate risks and safeguard sensitive premises.
- Acquire the ability to formulate emergency response plans and protocols that ensure the safety of personnel and assets.
- Familiarize themselves with the principles of crisis communication and media management during emergency situations.
- Gain insights into the legal and ethical considerations associated with sensitive premises protection and emergency management.

## Course Outline

### Day 1
