Enhancing Manpower Planning & Training Management

Code: HR28 From: 20 - 24 October 2025 City: Barcelona (Spain) Fees: 4400 Pound

Introduction

The "Workforce Planning and Training Management" course is designed to equip participants with the theoretical and practical foundations necessary for effective manpower planning and training management. This course focuses on providing participants with the skills required to develop effective manpower planning strategies and achieve an optimal balance between business needs and available human resources. Additionally, the course covers various training management techniques that ensure the development and enhancement of the required skills and competencies for employees. Manpower planning plays a crucial role in improving workforce efficiency and aligning human resource capabilities with organizational goals.

Course Objectives

Upon completion of this course, participants will be able to:

- Understand the definition of manpower planning and how to apply it effectively within organizations.
- Explore various types of manpower planning and understand their significance in forecasting future workforce needs.
- Master the manpower planning process and use strategic tools such as strategic workforce planning tools to align workforce requirements with business objectives.
- Learn to forecast workforce trends and apply predictive techniques to plan for future manpower needs.
- Develop and implement action plans for themselves and other key stakeholders involved in manpower planning.
- Relate training management to manpower planning, ensuring employees' skills are developed to meet the needs of the organization.
