Strategic Brand Management

Code: CC28 From: 20 - 24 April 2026 City: Munich (Germany) Fees: 4400 Pound

Introduction

Branding is at the core of how businesses distinguish their offerings in a competitive marketplace. It goes beyond just a logo or name - it's about crafting an experience that sets a product or company apart and shapes customer perceptions. Strategic brand management plays a pivotal role in building, sustaining, and growing a brand in today's fast-evolving markets. In this Strategic Brand Management Course, participants will explore how to develop a comprehensive brand strategy, understand the key steps in the strategic brand management process, and apply essential tools to evaluate and refine a brand's performance.

Whether you are a marketing professional or an entrepreneur, this course provides an in-depth understanding of the strategic brand management meaning, how to craft a brand strategy, and the best practices to ensure brand longevity. You will gain the skills to assess your brand's current position and develop actionable strategies that align with market demands and consumer expectations.

Course Objectives

The Effective Brand Management course is designed to provide participants with the skills and knowledge to manage and develop brands strategically. Upon completing this course, you will be able to:

- Define what a brand strategy is and understand the importance of strategic brand management in achieving competitive advantage.
- Plan and craft a powerful brand positioning statement that resonates with your target audience and clearly communicates the brand's promise.
- Build and track the growth of a strategic brand by utilizing researched processes and tools that ensure sustainability and long-term success.
- Understand the key components of brand equity and brand identity, and how these elements contribute to building consistent and strong brands.
- Learn the process of conducting a full brand audit to evaluate your brand's performance and implement remedial actions when necessary.
- Explore various branding strategies and choose the most appropriate approach based on the brand's lifecycle and market conditions.
- Understand strategic brand management process steps, including brand positioning, communication, and measurement of Return on Brand Investment RoBI.

Course Outlines

Day 1: Definitions and Anatomy of Brands

- What is a brand? Understanding the fundamental concept and purpose.
- Why do brands matter? Exploring the value of branding in today's market.

A graphic of a chessboard with several pawns. In the foreground, a large gold king piece stands prominently. Behind it, several silver and gold pawns are positioned on different squares. The background features a series of concentric circles, suggesting a strategic or global theme.

UK Training
PARTNER

- A brief history of brands: Key milestones in the evolution of branding.
