Advanced Finance for Non-Financial Professionals

Code: FA28 From: 31 March - 18 April 2025 City: Lyon (France) Fees: 10500 Pound

Introduction:

This course is designed to equip non-financial professionals with a comprehensive understanding of financial principles and practices. Over 15 days, participants will gain the knowledge needed to interpret financial statements, analyze financial data, manage working capital, and make informed budgeting and investment decisions. The course will also cover essential negotiation skills, particularly in the context of financial compensation and agreement settlements.

Course Objectives:

- To provide a foundational understanding of key financial statements and their components.
- To develop analytical skills for interpreting financial data and making informed business decisions.
- To enhance participants' ability to manage working capital and budgets effectively.
- To introduce participants to capital budgeting techniques and their application in investment decisions.
- To build negotiation skills related to financial compensation and settlements, particularly for legal professionals

Course Outlines:

Day 1: Introduction to Financial Statements

- Overview of key financial statements.
- Understanding the accounting cycle.
- Introduction to the five main accounts in financial statements.
- Income statement: Purpose and significance.
- Accrual basis versus cash basis accounting.

Day 2: Income Statement Analysis

- Detailed exploration of the income statement.
- Understanding revenues, expenses, and net income.
- Performance measurement through the income statement.
- Impact of accrual versus cash accounting on the income statement.
- Practical exercises on reading and interpreting income statements.

Day 3: Balance Sheet Analysis

- Introduction to the balance sheet.
- Understanding assets, liabilities, and equity.
- Assessing financial position using the balance sheet.

UK Training

PARTNER

- Comparison between balance sheet and income statement.
