Workshop on Advanced Certificate Governance, Risk, and Compliance (GRC)

Code: CT28 From: 11 - 15 November 2024 City: Madrid (Spain) Fees: 5100 Pound

Introduction

Governance and risk management are important topics that have recently begun to attract more attention in business colleges and among legislative bodies, and with the increase of this trend. There are various models of corporate governance and risk management, all of which aim to regulate the relationship between the company and its stakeholders and effectively manage financial risks. Most importantly, effective governance, risk management, compliance, and internal control are all part of a single system. Unfortunately, not all companies have an advanced view of this system.

This workshop includes discussions on the structure of the Board and Committees and their functions with coverage of the detailed process of risk management as per the requirements of the Committee of Sponsoring Organizations of the Treadway Committee COSO. In addition, the risk management workshop includes a discussion on the internal controls used to respond to risks in different areas of the company. Compliance is also covered according to the latest developments.

Objectives of Workshop

- Definition of corporate governance and its relationship to risk management and internal controls.
- Discuss the roles and responsibilities of the various stakeholders in the private or public organization.
- Develop a list of corporate governance functions and differentiate between the different models.
- Determine areas of risk management and changes in the internal and external environment.
- Determine the appropriate controls to be implemented in the various business cycles.
