A close-up photograph of chess pieces on a checkered board. In the foreground, a large gold king piece stands prominently on a white square. To its left, a silver pawn piece sits on a white square. Further back and to the left, another silver pawn piece is visible on a white square. The background shows concentric circles of alternating light and dark gray squares, creating a sense of depth and perspective.

Building Collaboration Skills & Strategies for Projects

Code: PM28 From: 11 - 15 May 2026 City: Bangkok (Thailand) Fees: 4700 Pound

Introduction

Welcome to the course "Building Collaboration Skills and Strategies for Projects"! This intensive course is designed to equip you with the essential collaboration skills and strategies required to enhance project outcomes. Through interactive lectures, hands-on exercises, and real-life case studies, you will learn how to improve teamwork, communication, and successfully manage projects. Throughout this course, you will develop key skills for building collaborative relationships and mastering collaborative communication, ensuring you become an effective leader in project management and team success.

Course Objectives

By the end of this course, participants will be able to:

- Build core collaboration skills necessary for project success and achieving project goals.
- Understand the dynamics of effective teamwork and collaboration, creating a productive environment.
- Explore strategies for conflict resolution and decision-making in a collaborative setting.
- Apply tools and techniques that enhance collaboration and ensure successful project management.
- Develop strategies for building collaborative relationships within teams and across departments.
- Enhance collaborative communication skills to ensure clear, effective interaction among team members.

Course Outlines

Day 1: Aligning Projects with Strategic Goals

- The importance of strategic execution in projects.
- Overview of organizational strategy and alignment.
- Techniques for aligning projects with strategic goals.
- The role of collaborative methods in project management.
- Fostering a culture of collaboration within project teams.

Day 2: Developing a High-Performing Collaborative Team

- Characteristics of high-performing teams.
- Key elements that contribute to team effectiveness.
- Factors that enhance collaboration among team members.
- Strategies for effectively working with knowledge workers.
- Enhancing team performance through collaborative leadership.

Day 3: Mastering Collaborative Communication Skills

A graphic of a chessboard with several pawns. In the foreground, a large gold king piece stands prominently. Behind it, several silver and gold pawns are positioned on the squares. The background features a series of concentric, light gray circles, creating a sense of depth and focus on the chess pieces.

PARTNER

- Building strong professional relationships.
- Techniques for identifying and managing key stakeholders.
- Core communication skills for project leaders.
- Understanding how personal traits affect collaborative communication styles.
- Strategies for influencing and persuading effectively in a collaborative environment.
- Building and maintaining trust within teams.

Day 4: Implementing Collaborative Approaches

- Adopting a client-oriented approach to project execution.
- Using collaborative tools to gather diverse perspectives.
- Leveraging design thinking for innovation and rapid prototyping.
- Applying Agile methodologies for adaptive project management.
- Collaborative problem-solving for overcoming project challenges.
- Exploring additional tools to enhance collaboration.

Day 5: Leadership and Collaboration in Projects

- Building effective interdepartmental networks.
- Techniques for negotiating project priorities.
- Collaborative conflict resolution strategies that lead to positive outcomes.
- Influencing stakeholders without formal authority.
- Establishing credibility in cross-departmental environments.
- Navigating organizational politics to achieve collaborative success.

Why Attend This Course: Wins & Losses!

Are you looking to master the collaboration skills that will transform the way your team operates? Wondering how learning effective collaborative strategies can enhance your future projects? By not joining this course, you could miss out on the opportunity to:

- Enhance your collaboration skills in areas such as team building, communication, and problem-solving.
- Develop effective collaborative strategies for managing conflicts, negotiating priorities, and aligning team efforts.
- Gain the knowledge to build collaborative relationships and create stronger, more integrated teams.
- Master collaborative communication skills that will make you a more persuasive and influential leader in your organization.

Conclusion

By the end of this course, you will have developed the collaboration skills necessary to lead teams and drive successful projects. Building collaboration within teams is a vital skill that enhances productivity and fosters a positive work culture. Whether it's through collaborative decision-making, problem-solving, or simply learning how to build collaborative relationships, this course will provide you with the tools to succeed.

Remember, mastering these strategies will not only benefit your current projects but will also position you as a leader capable of driving success in future ventures.
