Facility Management Administrator (FMA)

Code: LM28 From: 6 - 10 April 2026 City: Malaga (Spain) Fees: 4400 Pound

Introduction

This course is specifically designed for facilities management administrators and those aspiring to enter the field of facility management administration. It equips participants with advanced knowledge, modern trends, and the essential skills needed to excel in managing facilities. Whether you're an experienced facilities management professional or just starting out, this course will provide you with practical insights, tools, and strategies that are essential for success. Learn about the critical responsibilities and duties of a facility administrator and the growing importance of effective administration in facility management today.

Course Objectives

- Understand the key principles and concepts of facility management administration in today's fast-paced and evolving business environment.
- Gain in-depth knowledge of the latest trends and technologies impacting facilities management.
- Develop a strategic mindset to align facility management goals with organizational objectives and administration functions.
- Learn effective strategies for optimizing facility operations, maintenance, and sustainability.
- Enhance your leadership and communication skills to effectively manage teams, stakeholders, and facilities.
- Acquire essential risk management techniques to ensure the safety and security of facilities and occupants.
- Explore innovative approaches to space planning, workplace design, and improving the overall workplace experience.
- Understand the financial aspects of facility management administration, including budgeting and cost control.
- Explore the increasing role of technology in facility management and its impact on operational efficiency.
- Foster a culture of continuous improvement and innovation in facilities management practices.
