Advanced Course in MBA in Finance & Accounting

Code: FA28 From: 7 - 11 April 2025 City: Rome (Italy) Fees: 4200 Pound

Introduction

The Finance and Accounting MBA is an intensive 5-day program designed to sharpen your management skills and focus on current best practices in finance and accounting. Finance is a core function in business requiring executive attention, while accounting serves as the language of business. This program will enhance your competence in identifying best practices in finance and accounting, preparing you to be a strategic financial leader in your organization.

Course Objectives

- Manage and motivate people more effectively
- Understand and effectively utilize strategic planning techniques
- Use the Baldrige performance criteria as a standard of excellence and benchmark for your organization
- Focus on real companies and their finance function and accounting processes to show participants which elements have achieved best practices status
- Remove the mystique associated with the management of finance and accounting
- Challenge yourself to become the strategic financial leader of the organization
- Prepare for future responsibilities by examining best practices in these important functions/processes

Course Outlines

Day 1: Financial Management Fundamentals

- Introduction to Best Practices in Finance and Accounting
- Role of financial management CFO, Treasurer, and Controller
- Basic financial statements and their articulation
