## Advanced Blackbird Project Management Professional Workshop

Code: PM28 From: 7 - 18 April 2025 City: London (UK) Fees: 7400 Pound

### Introduction

In today's dynamic and competitive business world, having the ability to effectively manage projects is more important than ever. Whether you're working with small teams or large cross-functional groups, mastering project management skills is crucial for success. This course is designed to equip you with the knowledge and techniques recognized by the Project Management Institute PMI® and provides a deep dive into the project management techniques used by certified project management professionals worldwide. You'll learn to navigate all stages of project management, avoid common pitfalls, and enhance your competitive edge in the fast-paced workplace.

By applying industry-standard methodologies such as the PMI project management methodology and learning the fundamentals of project cycle management, you will develop the skills needed to initiate, plan, execute, monitor, control, and close projects efficiently.

### Course Objectives

- **Understand Project Management Principles:** Gain a comprehensive understanding of project management principles and their critical role in driving business success.
- **Integrate Skills Within Organizations:** Learn how to integrate project management skills within your organization, including Blackbird Management practices.
- **Master Project Management Techniques:** Acquire essential skills to lead projects effectively, applying project management planning processes for measurable outcomes.
- **Risk and Quality Management:** Apply project management techniques to manage risks, quality, procurement, and stakeholder communications.
- **Certification Readiness:** Achieve your Certified Project Management Professional PMP® status and leverage the numerous project management professional benefits.

### Course Outlines

#### Day 1: Project Management Fundamentals

- Introduction to Project Management Basics
  - Concepts, principles, and importance in business.
  - What does a project manager do? Understanding the role across industries.
  - Governance structures and stakeholders in project management.
- Interpersonal and Team Skills
