Finance Training Program

Code: FA28 From: 7 - 11 June 2026 City: Istanbul (Turkey) Fees: 3900 Pound

Introduction

The Finance Training Program is designed to provide participants with essential financial knowledge and skills required for effective decision-making in the business environment. Over the course of five days, participants will engage in theoretical learning, case studies, and practical applications to understand key concepts in finance, accounting, budgeting, financial analysis, and risk management. This course is ideal for professionals seeking to improve their financial literacy or those preparing to take on roles with financial responsibilities. Whether you are interested in personal finance training or seeking an advanced finance program, this course offers valuable insights to help you excel.

Course Objectives

By the end of this training, participants will:

- Gain a comprehensive understanding of financial management principles and their significance in business decision-making.
- Develop a strong foundation in financial accounting, enabling them to understand and analyze financial statements.
- Learn to evaluate corporate financial decisions, including investments, funding, and valuation techniques.
- Acquire skills in conducting financial analysis, interpreting financial data, and assessing a company's financial health.
- Be introduced to risk management principles and how to apply them in financial decision-making.

Course Outlines
