Work Identification

Code: PM28 From: 15 - 19 September 2025 City: Prague (Czech) Fees: 4400 Pound

Introduction

In today's fast-paced work environment, effective work identification is essential for productivity and success across industries. This training course is designed to help participants understand and apply essential worker identification techniques to streamline workflow, allocate resources efficiently, and improve overall task execution.

By integrating work identification tools and methods, professionals can enhance their ability to define tasks, manage projects effectively, and reduce inefficiencies. This course will provide a structured approach to organizing work, optimizing task performance, and implementing best practices for defining task analysis and task management. Whether working on individual projects or managing teams, mastering work identification will help in achieving operational excellence.

Course Objectives

By the end of this course, participants will be able to:

- Understand the fundamental concepts of work identification and its role in business success.
- Learn how to define a task and apply task structuring techniques.
- Effectively define task work, define task system, and define task environment in different settings.
- Develop strategies for essential worker identification and team efficiency.
- Create a clear Work Breakdown Structure WBS for effective project execution.
- Utilize defined task conflict resolution methods for smoother workflows.
- Implement effective defined task leadership techniques to enhance team productivity.
- Apply various organizing work project methodologies to ensure efficient project completion.

Course Outlines

Day 1: Introduction to Work Identification

- Defining work identification and understanding its significance in project management.
- The importance of essential worker identification in business operations.

A graphic of a chessboard with several chess pieces. A large gold king piece is in the foreground, with a silver pawn and a silver knight behind it. The text 'UK Training PARTNER' is overlaid on the right side of the chessboard.

UK Training
PARTNER

- The role of work identification in increasing efficiency and reducing redundancy.
- Key elements of define task environment and define task system.
- An overview of Work Breakdown Structure WBS and its applications.
