## Stimulating innovation through entrepreneurial skills

Code: PS28 From: 22 - 26 December 2025 City: Lyon (France) Fees: 4200 Pound

### Introduction

Innovation and entrepreneurial skills are essential for driving business success and staying competitive in today's dynamic market. This course is designed to stimulate innovation, foster creativity, and enhance participants' ability to recognize and seize opportunities in business. It provides a structured approach to developing entrepreneurial skills, empowering professionals with the knowledge and strategies to turn ideas into successful business ventures.

Participants will explore what is innovation, learn how to develop entrepreneurial skills, and apply innovative thinking to real-world business scenarios. By understanding the benefits of entrepreneurial skills, attendees will gain the confidence to drive change, lead innovation, and build scalable business models.

### Course Objectives

By the end of the course, participants will:

- Understand the meaning of innovation and its role in business success.
- Learn how to build entrepreneurial skills and develop a proactive mindset.
- Master strategy and innovation techniques to drive growth.
- Identify types of entrepreneurial skills and their impact on business development.
- Apply creative problem-solving techniques to enhance business innovation.
- Develop leadership qualities necessary to drive innovative initiatives.

### Course Outlines

#### Day 1: Introduction to Innovation and Entrepreneurship

- Define innovation and its significance in business.
- Understanding what is innovation and how it influences industry trends.
- The role of entrepreneurial skills in fostering innovation.
- The relationship between creativity and entrepreneurship.
