## Mini MBA Business and Management Advanced Course

Code: LM28 From: 27 - 31 January 2025 City: Kuala Lumpur (Malaysia) Fees: 4200 Pound

### Introduction

Welcome to the advanced course on Secretarial and Financial Accounting. This program is designed to provide you with a thorough understanding of two essential areas of business administration: secretarial functions and financial accounting. Throughout this course, you will engage with the latest trends, technologies, and best practices in these fields, equipping you with the necessary skills to thrive in your professional career.

### Course Objectives

- Develop a comprehensive understanding of contemporary secretarial responsibilities.
- Equip participants with advanced knowledge and practical skills in financial accounting.
- Familiarize participants with the latest tools, software, and technologies relevant to secretarial and financial accounting roles.
- Enable participants to efficiently handle administrative tasks and support financial operations within an organization.
- Enhance problem-solving and decision-making abilities in both secretarial and financial accounting contexts.
- Provide an overview of legal and ethical considerations in secretarial and financial accounting practices.
- Foster effective communication and interpersonal skills necessary for success in secretarial and financial accounting roles.

### Course Outlines

#### Day 1: Introduction to Secretarial Duties in the Digital Era

- The evolving role and responsibilities of the modern secretary
- Mastering effective time management and organizational skills
- Leveraging digital tools for efficient communication and task management

#### Advanced Secretarial Skills

- Document management and record-keeping techniques
- Professional correspondence and email etiquette
- Event planning and management strategies

#### Day 2: Introduction to Financial Accounting Principles

- Overview of fundamental financial accounting concepts
- Understanding and analyzing financial statements
- Introduction to accounting software and automation tools
