## The Integrated System for Secretarial and Office Management

Code: LM28 From: 18 - 22 May 2026 City: Amsterdam Fees: 4200 Pound

### Introduction

This Office Management and Secretarial Training Course provides a detailed and practical guide to mastering the integrated business systems for secretarial and office management. The course is designed to equip participants with essential skills, including understanding the duties of office managers, utilizing system integration solutions, and improving task efficiency with modern office management tools.

Through a structured approach, participants will explore key topics like time management, office project planning, file organization, and effective communication. The course also incorporates integrated leadership systems and strategies for system integrity protection to enhance productivity, manage risk, and achieve organizational goals.

By the end of this course, participants will have the knowledge and skills required for office manager positions and certifications such as the Office Management Certificate, helping them advance their careers in administrative and project management roles.

### Course Objectives

- **Develop Core Skills:** Acquire essential secretarial skills and administrative capabilities to perform office tasks effectively.
- **Master Office Technologies:** Learn to use advanced integrated business systems and tools for efficient office management.
- **Enhance Communication:** Strengthen communication skills to foster collaboration with teams, management, and clients.
- **Boost Productivity:** Apply strategies to improve personal productivity and optimize office workflows.
- **Learn System Integration:** Understand system integration meaning and apply it to streamline office operations and protect system integrity.
- **Prepare for Certification:** Build qualifications for achieving office manager certification and career advancement.

### Course Outlines

#### Day 1: Introduction to Secretarial and Office Management

- **Secretary Meaning:** Understanding the role and importance of secretarial duties in a modern office.
- **Overview of the duties of office managers** and their significance in ensuring organizational success.
- **Techniques for office organization and file management** to maintain system efficiency.
- **Basics of time management and task prioritization** for productivity enhancement.
- **Developing effective communication skills** for workplace collaboration.
