Strategic Project Leadership

Code: PM28 From: 15 - 19 September 2025 City: Lyon (France) Fees: 4200 Pound

Introduction

This course is designed for leaders who aim to master the art of strategic project leadership. It focuses on aligning projects with organizational goals and vision. You will learn how to lead cross-functional teams to achieve strategic success, manage risks, and deliver long-term results. With effective leadership strategies, you will be able to lead projects that create sustainable strategic value.

Course Objectives

- Understand the role of strategic leadership in project success.
- Learn how to align projects with the organization's strategic goals and vision.
- Develop skills to lead cross-functional teams to achieve strategic outcomes.
- Improve decision-making in complex and high-stakes project scenarios.
- Enhance risk management capabilities to navigate challenges.
- Build effective communication strategies with stakeholders.
- Foster a culture of innovation and continuous improvement in projects.
- Learn how to manage resources efficiently and effectively.
- Gain the ability to handle project challenges and turn them into opportunities.
- Deliver projects that create long-term impact and align with organizational goals.

Course Outlines

Day 1: Introduction to Strategic Project Leadership

- Understand the fundamentals of strategic project leadership.
- Learn how to align projects with organizational goals.
- Explore the leader's role in driving strategic project success.
- Assess the importance of projects within an organization's strategy.

Day 2: Leading High-Performing Project Teams

- Build and lead cross-functional teams to achieve strategic goals.
- Develop leadership skills to motivate and empower teams.
- Learn to foster collaboration and trust within project teams.
- Manage diverse skill sets and perspectives for better project outcomes.

Day 3: Strategic Decision-Making and Risk Management

- Develop decision-making frameworks for complex projects.
- Understand how to make data-driven decisions in project leadership.

A graphic of a chessboard with several chess pieces (a king, a pawn, and a knight) on it, set against a background of concentric circles. The text 'UK Training PARTNER' is overlaid on the right side of the board.

UK Training
PARTNER

- Learn risk identification, assessment, and mitigation strategies.
- Create contingency plans to ensure project resilience.
- Strengthen your ability to make high-impact decisions under pressure.

Day 4: Stakeholder Management and Effective Communication

- Identify key stakeholders and their influence on project success.
- Build strategies to manage stakeholder expectations.
- Learn how to communicate project goals, progress, and challenges effectively.
- Enhance your negotiation skills to manage competing priorities.

Day 5: Delivering Strategic Value and Sustaining Success

- Learn how to measure the long-term value of a project.
- Develop strategies to ensure project outcomes align with organizational objectives.
- Foster innovation and continuous improvement within projects.
- Create actionable plans to sustain project success post-completion.
- Reflect on key lessons learned and prepare for future strategic leadership challenges.

Why Attend This Course: Wins & Losses!

- Gain the skills to lead projects that align with the organization's strategic goals.
- Learn how to manage high-impact projects with confidence.
- Improve your decision-making in complex and high-stakes projects.
- Enhance your ability to communicate effectively with stakeholders.
- Master risk management strategies to minimize project disruptions.
- Build high-performing teams that drive project success.
- Foster a culture of innovation and continuous project improvement.
- Learn how to turn project challenges into opportunities.
- Deliver projects that provide long-term value and meet strategic objectives.
- Become a strategic project leader who drives organizational growth and success.

Conclusion

The "Strategic Project Leadership" course is a unique opportunity for leaders looking to develop their skills in managing strategic projects. By learning effective leadership strategies, making strategic decisions, managing risks, and building high-performing teams, you will be empowered to achieve long-term results that align with organizational goals.

Enroll now to enhance your leadership skills and lead successful strategic projects.
