# Internal Audit on Revenue, Expenses, and Expenditures in the Public Sector

Code: QM32 From: 4 - 8 April 2027 City: Amman (Jordan) Fees: 4200 Pound

## Introduction

Revenue, expenses, and expenditures are critical elements for ensuring financial sustainability and efficient resource management in government institutions. To maintain transparency, efficiency, and compliance with government standards and regulations, internal auditing of these financial operations is essential. Internal auditing helps detect errors, prevent fraud, and improve public financial management processes.

This course is specifically designed for internal auditors in the public sector, equipping them with the necessary skills to analyze financial flows, assess risks, and ensure compliance to ensure sound financial resource management.

## Course Objectives

By the end of this course, participants will be able to:

- Understand the fundamental principles of auditing revenue, expenses, and expenditures in government institutions.
- Apply internal audit methodologies to ensure the accuracy and integrity of financial transactions.
- Analyze financial risks associated with revenue and expenses and develop effective control strategies.
- Enhance compliance with government financial policies and international audit standards.
- Improve the efficiency of internal audit reports and provide actionable recommendations.
- Develop skills in financial performance evaluation and data-driven decision-making.

## Course Outlines

### Day 1: Fundamental Concepts in Financial Internal Auditing

- Definition and importance of internal auditing in government institutions.
- Types of revenue, expenses, and expenditures in the public sector.
- Core principles of financial governance and transparency in public finance management.
- Regulatory and legislative frameworks governing financial auditing.

### Day 2: Internal Audit on Government Revenue

- Sources of government revenue taxes, fees, grants, investment returns.
- Risk analysis associated with revenue collection and accuracy verification.
- Audit mechanisms to ensure efficient and transparent revenue collection.
- Reviewing internal control systems related to revenue management.

### Day 3: Internal Audit on Public Expenses and Expenditures

The logo for UK Training Partner features the text 'UK Training' in a smaller font above the word 'PARTNER' in a large, bold, black sans-serif font. The logo is positioned on a chessboard background with several chess pieces (a king, a pawn, and a knight) visible. The king piece is the most prominent, standing on a white square. The background also features a series of concentric, light-colored circles radiating from behind the text.

UK Training  
**PARTNER**

- Understanding public expenses and expenditures in government institutions.
- Internal audit methodologies to detect irregularities and financial discrepancies.
- Evaluating compliance with financial policies and regulatory guidelines.
- Case studies on internal auditing of government expenditures.

#### Day 4: Risk Management and Control Mechanisms in Financial Auditing

- Identifying and analyzing financial risks related to revenue and expenses.
- Developing effective internal control mechanisms to mitigate financial risks.
