Code: PS28 From: 5 - 9 April 2026 City: Kuwait City (Kuwait) Fees: 3700 Pound

Introduction

In today's fast-paced business environment, success depends on more than just strategy—it requires alignment, focus, and execution. That's where Objectives and Key Results OKRs come in. But what is an OKR, exactly?

OKRs are a goal-setting methodology designed to help organizations define measurable goals and track their outcomes. First introduced by Intel and later adopted by companies like Google, LinkedIn, and Spotify, OKRs are now considered an essential component of modern business leadership.

This OKR training course is designed to give you a comprehensive understanding of the OKR process, from writing powerful objectives to implementing OKRs at scale. You'll learn the definition of OKRs, how to differentiate them from KPIs, and how to build a results-driven team using this transformative framework.

Course Objectives

By the end of this course, participants will be able to:

- Understand the OKR definition and how it fits within broader strategic planning.
- Apply the OKR methodology to define, align, and execute business goals effectively.
- Learn to distinguish between OKR goals, KPIs, and other performance indicators.
- Write clear and measurable objectives and key results for various teams and departments.
- Implement a full OKR management system, including planning, execution, and review.
- Utilize best practices for tracking OKRs using modern tools and dashboards.
- Gain insights into OKR best practices and avoid common pitfalls in implementation.
- Acquire practical experience in using OKRs to drive performance and accountability.
