Venture Capital: Startup Valuation to Deal Execution

Code: FA28 From: 30 March - 3 April 2026 City: Rome (Italy) Fees: 4200 Pound

Introduction

This Venture Capital Training Course is designed to enhance fundamental knowledge and practical skills in the field of venture capital, covering the entire venture capital lifecycle. Participants will explore modern concepts in funding startups, including venture capital funding, company evaluation, deal negotiation, and investment monitoring through to the exit stage. Real-world examples and current market trends are incorporated to provide a comprehensive learning experience that reflects the latest developments in venture capitalism. This course is ideal for those who wish to understand what venture capital is, its role in fostering innovation, and how to strategically invest in startups.

Course Objectives

By the end of this venture capital training, participants will be able to:

- Understand the venture capital lifecycle and its role in business innovation and startup growth.
- Analyze and evaluate startups based on objective criteria, including business models, founding teams, and market opportunities.
- Learn the mechanics of structuring investment deals and negotiating terms using term sheets and investor protection mechanisms.
- Monitor investments effectively and make strategic exit decisions, while managing an investment portfolio and analyzing risks.
- Master venture capital definitions and comprehend the different types of venture capital funds e.g., early-stage vs. late-stage.
- Explore corporate venture capital and its impact on business growth and innovation.
