Time Management and Productivity Training Course

Code: LM28 From: 19 - 23 January 2026 City: London (UK) Fees: 4400 Pound

Introduction

In today's fast-paced and competitive business environment, mastering time management skills is not just an advantage—it's a necessity. But what is time management exactly, and why is time management important both personally and professionally?

This comprehensive time management course is designed to empower participants with actionable time management strategies and practical tools that help them make the most of their time, reduce stress, and significantly improve productivity. From setting clear priorities to using the most effective time management techniques, this training offers the roadmap to better performance, focus, and results.

Participants will learn how to manage time effectively, eliminate distractions, and build lasting habits that enhance both personal and professional success. This is more than just a time management training—it's a transformational experience.

Course Objectives

By the end of this course, participants will be able to:

- Understand the definition of time management and its impact on performance.
- Identify and eliminate time-wasting activities.
- Learn how to improve time management skills using proven frameworks.
- Master the art of goal setting using SMART criteria.
- Apply time quality management techniques to maximize daily output.
- Utilize digital tools like Trello, Asana, and Notion for optimal task organization.
- Develop a customized personal time management plan for sustained productivity.

Course Outlines
