Stress Management and Resilience Training Course

Code: PS28 From: 27 - 31 July 2026 City: Tokyo (Japan) Fees: 5700 Pound

Introduction

In today's fast-paced business world, managing stress at work is essential for maintaining productivity, mental well-being, and overall health. Stress Management and Resilience Training provides participants with the tools and techniques needed to identify sources of stress, develop effective coping mechanisms, and build resilience to confidently face challenges.

This course is designed to equip participants with practical strategies to enhance emotional stability, maintain mental clarity, and boost performance, even under high-pressure situations. Through practical applications and real-world scenarios, participants will learn how to create personalized stress management plans and resilience-building strategies for long-term success.

Course Objectives

By the end of this Stress Management and Resilience Training, participants will be able to:

- Understand the causes and effects of stress in the workplace.
- Apply effective techniques for managing and reducing stress levels.
- Develop resilience skills to handle adversity and unexpected challenges.
- Improve emotional regulation and maintain focus during high-pressure situations.
- Create a personal action plan for long-term stress management and resilience building.

Course Outlines

Day 1: Understanding Stress and Its Impact

- Definition of stress and its psychological and physical effects.
- Identifying common sources of workplace stress.
- Understanding the difference between positive stress Eustress and negative stress Distress.
- The impact of chronic stress on health and productivity.
- Self-assessment: Measuring your current stress levels and identifying triggers.
- Exploring the importance of stress management in the workplace for better performance.

Day 2: Techniques for Managing Stress

- Time management and prioritization techniques to reduce workload pressure.
- Relaxation techniques:
 - Deep Breathing Exercises
 - Progressive Muscle Relaxation PMR
