# Microsoft Preparation Course: Power Automate RPA Developer Associate

Code: IT28 From: 16 - 20 February 2026 City: London (UK) Fees: 5100 Pound

## Introduction

In today's fast-paced digital environment, automation has become a cornerstone of operational efficiency and business innovation. The Microsoft Certified: Power Automate RPA Developer Associate course is designed to empower participants with the expertise needed to design, develop, and deploy robust automation solutions using Microsoft Power Automate, with a special focus on Robotic Process Automation RPA. Through a combination of hands-on exercises, real-world scenarios, and certification-aligned content, learners will acquire the practical skills to build end-to-end automated workflows, reduce manual errors, and drive productivity. This training prepares participants to thrive as RPA developers in modern digital workplaces.

## Course Objectives

By the end of this course, participants will be able to:

- Understand the core components, architecture, and functionalities of Power Automate and RPA.
- Design, build, and test automation solutions using both Power Automate for Desktop and Cloud Flows.
- Seamlessly integrate Microsoft 365, Azure, and third-party services into automation workflows.
- Manage, deploy, and maintain RPA solutions following industry best practices.
- Confidently prepare for the Microsoft Certified: Power Automate RPA Developer Associate exam.

## Course Outlines

### Day 1: Introduction to Power Automate and RPA Concepts

- Overview of Microsoft Power Platform and Power Automate
- Key concepts and benefits of Robotic Process Automation RPA
- The evolving role of an RPA Developer
- Understanding Cloud Flows vs Desktop Flows
- Identifying automation scenarios and use cases

### Day 2: Designing and Building Desktop Flows

- Installing and exploring Power Automate for Desktop
- Using UI automation to record desktop tasks
- Working with UI elements, selectors, and variables
- Applying conditions, loops, and error handling
- Linking Desktop Flows with Cloud Flows

### Day 3: Building Cloud Flows and Integrations

- Creating automated, instant, and scheduled flows
- Effectively using triggers and actions

- Integrating with SharePoint, Excel, Outlook, Dataverse, and more
- Implementing approvals, notifications, and workflows
- Introduction to AI Builder and custom connectors

#### Day 4: Managing and Deploying RPA Solutions

- Techniques for debugging and troubleshooting
- Advanced testing and error-handling strategies
- Leveraging Process Advisor for optimization
- Managing environments, solutions, and ALM Application Lifecycle Management
- Understanding governance, licensing, and security considerations

#### Day 5: Practical Applications and Certification Readiness

- Applying skills in real-world automation projects
- Group activity: Build a complete automation solution
- Embracing best practices for scalability and maintenance
- Certification exam preparation, sample questions, and guidance
- Final Q&A and course wrap-up

### Why Attend This Course: Wins & Losses!

By attending this course, participants will:

- Gain hands-on experience with Power Automate RPA tools and methodologies.
- Learn to build both attended and unattended automation solutions.
- Understand how to connect Power Automate to a variety of apps and services.
- Be fully equipped to pass the Microsoft Certified: Power Automate RPA Developer Associate exam.
- Develop the ability to automate tasks, boost productivity, and reduce human error.
- Establish themselves as key contributors in digital transformation initiatives across industries.

### Conclusion

This comprehensive 5-day training offers a deep and practical dive into Power Automate RPA development.

Whether you're aiming for official certification or looking to enhance your automation capabilities, this course will equip you with the skills, confidence, and insight needed to deliver powerful automation solutions. Set yourself apart as a skilled RPA Developer ready to meet the demands of today's digital-first business world.
