Strategic Talent Acquisition & Advanced Interviewing Techniques

Code: HR28 From: 22 June - 3 July 2026 City: London (UK) Fees: 7400 Pound

Introduction

In today some competitive, skills-driven economy, strategic talent acquisition has become a critical pillar of organizational success. It no longer just about filling vacancies it about finding the right talent, aligning with long-term business goals, and ensuring a seamless recruitment experience from first contact to onboarding.

This 10-day intensive course is tailored for HR professionals and Talent Acquisition specialists at intermediate to advanced career levels. It blends theory with case-based practice, offering cutting-edge advanced interviewing techniques, frameworks, and real-world tools to help you attract, assess, and retain top talent effectively.

Participants will explore every stage of the hiring journey [] from strategic workforce planning to employer branding and structured interviewing [] ensuring alignment between talent strategies and organizational priorities.

Whether you're developing a new Talent Acquisition Framework or refining your interviewing approach, this program equips you to become a true strategic partner in your organization.

Course Objectives

By completing this course, participants will be able to:

- Design and implement a Strategic Talent Acquisition Framework aligned with business strategy.
- Conduct competency-based interviews and apply behavioral interviewing principles.
- Optimize sourcing channels and engage passive candidates with modern tools.
- Build a compelling Employee Value Proposition EVP and position the organization as an Employer of Choice.
- Use recruitment metrics and KPIs e.g. time-to-hire, quality-of-hire to improve performance.
- Manage end-to-end hiring processes including selection, offer, and onboarding.
- Apply advanced interviewing techniques such as case interviews, stress interviews, and psychometric assessments.
- Develop data-driven insights to forecast talent needs and improve recruitment funnels.
