Advanced Postgraduate Administration: AI, Exams & Conflict Resolution

Code: LM28 From: 24 - 28 August 2025 City: Kuwait City (Kuwait) Fees: 3700 Pound

Introduction

As higher education undergoes a sweeping digital transformation, postgraduate institutions must evolve their administrative frameworks to remain relevant and competitive. This specialized training program is designed to equip executives, team leaders, and professionals—particularly across the MENA region—with the expertise needed to lead this evolution. The focus is on intelligent administration using artificial intelligence, as well as effective strategies for managing doctoral examinations and navigating institutional conflict.

The program is tailored for professionals from diverse sectors, including oil and gas, finance, telecommunications, government, and human resources, who are seeking to improve operational efficiency and institutional governance. Through a combination of strategic frameworks and practical tools, this course enables participants to enhance data-driven decision-making, modernize administrative systems, and elevate the overall quality of postgraduate education management.

Course Objectives

By the end of this program, participants will be able to:

- Acquire advanced administrative competencies tailored to postgraduate environments.
- Analyze and apply artificial intelligence tools to streamline academic operations.
- Plan and execute effective external doctoral examinations in both digital and physical formats.
- Manage and resolve supervisory conflicts through structured institutional processes.
