Budget Planning and Financial Forecasting

Code: FA28 From: 17 - 21 November 2025 City: Baku (Azerbaijan) Fees: 4400 Pound

Introduction

In an era of economic volatility and rapid market changes, mastering Budget Planning and Financial Forecasting is no longer a luxury lit a necessity. These practices empower decision-makers to align financial resources with strategic objectives, anticipate risks, and capitalize on growth opportunities.

This course is tailored for executives, department heads, finance professionals, and aspiring leaders across sectors such as energy, banking, telecommunications, government, HR, project management, and marketing. Whether you're preparing budgets, leading financial teams, or contributing to business strategy, the ability to plan and forecast effectively sets you apart.

Through a comprehensive blend of theory, tools, and real-world applications, participants will develop the analytical and strategic skills required to drive financial performance and resilience.

Course Objectives

- Understand core concepts of budgeting, forecasting, and their strategic importance.
- Apply modern budgeting methodologies e.g., zero-based, rolling, flexible budgeting.
- Use forecasting tools to model financial scenarios and predict outcomes.
- Align budgets with organizational goals and performance KPIs.
- Analyze variances, identify gaps, and implement corrective measures.
- Leverage financial data for strategic decision-making.
- Develop multi-year financial plans with scenario-based projections.
- Foster cross-functional collaboration in financial planning processes.
- Utilize Excel and financial software to build reliable forecasting models.
- Present budget and forecast reports with clarity and influence.

Course Outlines
