Advanced GenAI Applications in Marketing for Social Media Targeting and Optimization

Code: CC28 From: 28 September - 2 October 2025 City: Dubai (UAE) Fees: 3900 Pound

Introduction

This advanced GenAI course is designed for experienced marketers looking to leverage Generative AI GenAI in marketing to enhance their social media strategies. As GenAI projects continue to transform digital marketing, participants will gain hands-on expertise in using GenAI applications for content creation, audience targeting, and campaign optimization across platforms like LinkedIn, X formerly Twitter, Facebook, and Instagram.

Throughout this course, participants will explore GenAI solutions for optimizing captions, images, videos reels, and carousels, alongside its role in targeted advertising on social media and real-time performance tracking. The course will also cover GenAI deployment, best practices in AI-powered audience segmentation, and the ethical considerations in AI-driven marketing.

Course Objectives

By the end of this course, participants will:

- Master GenAI training techniques for generating and refining social media content.
- Implement GenAI solutions to improve targeted advertising on social media.
- Leverage GenAI in marketing for audience segmentation and personalized engagement.
- Learn how to test GenAI applications to ensure campaign effectiveness.
- Explore GenAI services that automate and optimize campaign management.
- Gain insights into GenAI application development services for marketing automation.

Course Outlines

Day 1: Advanced Social Media Strategies & GenAI Integration

- GenAI meaning and its role in digital marketing.
- Building a strong GenAI-powered social media strategy.
- Using GenAI for audience segmentation and persona development.
- Setting SMART campaign goals using GenAI deployment.
