Insurance Claims Management Training Program

Code: FA32 From: 13 - 17 July 2026 City: Boston, Massachusetts (USA) Fees: 5900 Pound

Introduction

Claims management lies at the core of the insurance industry, shaping customer trust, regulatory compliance, and overall operational efficiency. Effective handling of insurance claims requires a systematic approach that blends technical expertise, investigative methods, customer care, and awareness of legal frameworks.

This five-day training program equips participants with the skills and tools to manage claims across various lines of business, including motor, medical, property, and liability. Through case studies, practical exercises, and global best practices, participants will gain the ability to detect fraud, resolve disputes, ensure compliance, and deliver a superior customer experience.

Course Objectives

By the end of this program, participants will be able to:

- Understand the full claims lifecycle, from notification to settlement.
- Analyze and process motor, medical, property, and liability claims.
- Apply techniques for claim verification, loss assessment, and dispute resolution.
- Detect and address fraudulent claims using investigative approaches.
- Strengthen communication and negotiation skills with customers and stakeholders.
- Ensure compliance with insurance regulations and governance requirements.
- Implement strategies for claims efficiency and performance improvement.

Course Outlines

Day 1: Fundamentals of Claims Management

- Introduction to claims and their role in insurance.
- Types of claims: motor, medical, property, and liability.
- The claims lifecycle: reporting, assessment, and settlement.
- Roles and responsibilities of claims professionals.
- Case study discussion.

Day 2: Claims Processes and Verification

- Documentation and registration of claims.
- Verification and validation of claims.
- Loss assessment and damage evaluation.
- Collaboration with adjusters, investigators, and experts.
- Quality assurance in claims handling.

Day 3: Fraud Detection and Dispute Resolution

The logo for UK Training Partner features the text 'UK Training' in a smaller font above the word 'PARTNER' in a large, bold, black sans-serif font. The text is positioned on a chessboard background with several chess pieces (a king, a pawn, and a knight) visible. Concentric circles radiate from behind the text, creating a sense of depth and focus.

UK Training
PARTNER

- Common fraud indicators in insurance claims.
- Tools and techniques for fraud detection.
- Investigating suspicious claims.
- Managing disputes and conflict resolution.
