Digital Communication and Customer Relationship Management

Code: CC32 From: 7 - 11 December 2026 City: Kigali (Rwanda) Fees: 4200 Pound

Introduction

In today's digitally driven business world, mastering digital communication and customer relationship management CRM has become an essential success factor for every organization. Traditional communication models are no longer sufficient – effective engagement now requires a strategic blend of technology, analytics, and emotional intelligence.

This program equips participants with advanced tools and frameworks to enhance customer engagement, streamline communication processes, and build long-term loyalty.

The course is designed for officers, middle management, senior management, and top executives seeking to improve digital communication strategies and strengthen their customer relationship capabilities across various industries including banking, telecommunications, marketing, and government sectors.

Course Objectives

- Understand the fundamentals of digital communication and CRM.
- Apply the latest digital tools to enhance customer experience.
- Analyze customer behavior across different digital channels.
- Develop effective communication strategies for trust building.
- Integrate digital communication into organizational strategies.
- Use data-driven insights for decision-making.
- Design targeted campaigns to improve customer loyalty.
- Recognize the impact of digital communication on brand reputation.
