Advanced Course in Strategic Planning and Executive Briefing Excellence

Code: AC32 From: 31 August - 4 September 2026 City: Düsseldorf (Germany) Fees: 5900 Pound

Introduction

In today's fast-moving and increasingly complex business environment, organizations can no longer rely on intuition alone. Clear strategic direction, combined with the ability to communicate that direction effectively, is now a critical leadership requirement. Even the most well-designed strategies lose their impact if they are not presented clearly, convincingly, and in a way that resonates with decision-makers.

The Strategic Planning & Executive Presentation Excellence Program is a highly focused five-day intensive designed to deliver the full depth, tools, and practical application of a traditional ten-day program—without compromising quality or learning outcomes. It is tailored for professionals across various sectors, including oil and gas, banking and financial services, telecommunications, human resources, and project management.

This program bridges strategic thinking with executive-level communication. Participants learn how to analyze complex environments, design robust strategies, translate them into actionable plans, and present them confidently to executive, technical, and cross-functional audiences. Special emphasis is placed on handling high-stakes presentations, data-driven decision support, and stakeholder engagement.

Course Objectives

By the end of the program, participants will be able to:

- Apply strategic thinking to analyze internal and external business environments
- Design, implement, and evaluate comprehensive strategic plans
- Develop clear visions, messages, and values aligned with organizational strategy
- Deliver concise, persuasive executive presentations tailored to diverse audiences
- Use data, dashboards, and visual tools to enhance clarity and credibility
- Translate strategy into actionable operational plans
- Communicate effectively under pressure and in critical decision-making settings
- Engage stakeholders and adapt messages to their expectations and priorities
- Monitor execution using KPIs, scorecards, and performance dashboards
