Code: FA32 From: 18 - 22 May 2026 City: Toronto (Canada) Fees: 5900 Pound

## Introduction

The course Islamic Banking Products, Risks, and Effective Consumer Protection is a comprehensive training program designed to provide participants with a structured and practical understanding of Islamic banking principles, products, and the unique risk landscape associated with Shariah-compliant finance. In addition, the course places strong emphasis on consumer protection, governance, and regulatory frameworks to ensure fairness, transparency, and sustainability within Islamic financial institutions.

This program combines solid theoretical foundations with practical applications, enabling participants to analyze Islamic banking products, assess associated risks, and implement effective consumer protection mechanisms. Through real-world case studies, regulatory insights, and interactive discussions, participants will gain practical experience in managing Islamic banking operations responsibly and ethically.

## Course Objectives

By the end of this course, participants will be able to:

- Understand the fundamental principles and objectives of Islamic finance and banking.
- Identify and differentiate key Islamic banking products and structures.
- Analyze the unique risks associated with Islamic banking operations.
- Apply Shariah governance principles and risk management frameworks.
- Evaluate consumer protection requirements in Islamic banking environments.
- Strengthen transparency, disclosure, and ethical practices in Islamic financial services.
