Ship Chartering Contracts Training

Ref: 3255583_205662 **Date:** 30 November – 4 December 2026 **Location:** Barcelona (Spain) **Fees:** 5200 GBP

Introduction

The maritime shipping industry is one of the most dynamic and complex sectors in the global economy, where success depends on precise ship chartering contracts and effective risk management. This intensive 1-week course provides a comprehensive understanding of ship chartering, including different types of charter parties, legal frameworks, negotiation strategies, and practical execution. Key topics such as laytime, demurrage, and dispute resolution are thoroughly covered to equip participants with the knowledge and skills needed to manage maritime operations confidently and professionally.

Course Objectives

By the end of this course, participants will be able to:

- Understand the various types of charter parties and their practical applications.
- Master the legal and commercial aspects of ship chartering contracts.
- Develop effective negotiation and drafting skills for charter party agreements.
- Accurately calculate laytime and manage demurrage claims.
- Gain insights into risk management and dispute resolution in chartering operations.

Course Outlines

Day 1: Introduction to Ship Chartering

- Overview of the shipping industry and maritime trade.
- Types of charter parties: voyage, time, and bareboat.
- Key stakeholders involved in the chartering process.
- Legal frameworks governing charter parties.
