## Launch Your Business in 5 Days

Code: CC32 From: 22 - 26 March 2027 City: Rome (Italy) Fees: 5200 Pound

### Introduction

In today's fast-paced business environment, transforming an idea into a viable venture requires speed, clarity, and disciplined execution. Many aspiring entrepreneurs and intrapreneurs struggle—not because they lack ideas—but because they lack a structured framework to validate, build, and effectively present those ideas.

Launching a business is no longer about spending months planning without testing the market. Success depends on developing a Minimum Viable Product MVP, validating assumptions rapidly, designing a sustainable business model, and clearly communicating the value proposition to investors, partners, or internal stakeholders.

This intensive five-day program guides participants from idea generation to an investor-ready concept through a highly practical, hands-on approach. Participants will work on real business scenarios, develop an MVP concept, design a scalable business model, and prepare a compelling funding pitch. By the end of the program, they will have a clear and actionable roadmap to confidently launch or scale their business idea.

### Course Objectives

By the end of this course, participants will be able to:

- Validate business ideas using structured frameworks and practical market testing techniques.
- Define and develop a Minimum Viable Product MVP.
- Design a complete, scalable, and sustainable business model.
- Understand funding options and investor expectations.
- Develop and deliver a persuasive business pitch.
- Create a practical launch roadmap for immediate implementation.
