Advanced Financial Management for Donor-Funded Projects

Code: FA32 From: 16 - 27 November 2026 City: London (UK) Fees: 9700 Pound

Introduction

Effective financial management is a critical requirement for the success, credibility, and sustainability of donor-funded projects. Organizations managing donor resources must ensure transparency, compliance, accountability, and efficient use of funds while meeting detailed donor requirements and regulatory expectations.

This course provides a structured and professional understanding of financial management practices in donor-funded project environments. It focuses on budgeting, financial planning, reporting, compliance, risk management, internal controls, audit readiness, procurement oversight, digital financial tools, value-for-money, and financial sustainability.

The program helps participants strengthen their financial and operational capabilities in managing donor funds, improving expenditure control, enhancing reporting quality, and supporting sound financial decision-making across development, humanitarian, and institutional projects.

Course Objectives

By the end of this course, participants will be able to:

- Understand donor funding frameworks and related compliance requirements.
- Strengthen budgeting and financial planning skills for donor-funded projects.
- Improve financial reporting, documentation, and accountability practices.
