Implementing and Managing Organisational Change

Ref: 3254279_305893 **Date:** 25 – 29 January 2027 **Location:** Kuala Lumpur (Malaysia) **Fees:** 4200 GBP

Introduction

Welcome to the Advanced Course on Implementing and Managing Organizational Change. In today's rapidly evolving business landscape, organizations must adapt and transform to remain competitive. This course provides a comprehensive understanding of the principles and strategies essential for successfully implementing and managing organizational change. Participants will explore the latest advancements and best practices in change management, equipping them with the knowledge and skills to effectively lead change initiatives.

Course Objectives

- Understanding Organizational Change: Develop a deep understanding of organisational change management and its critical role in today's business environment. Explore the types and drivers of change and their impact on individuals and organizations.
- Change Management Models and Frameworks: Learn about various change management models and frameworks, including contemporary organisational change management methodologies. Discover how to assess readiness for change, develop change strategies, and create a robust change implementation and management plan.
- Leading Change: Build essential leadership skills to manage and drive change. Understand how to overcome resistance, foster employee engagement, and create a change-ready culture. Gain insights into effective communication techniques to encourage buy-in throughout the organization.
- Change Implementation Strategies: Explore advanced strategies for implementing organisational change. Learn about project management and implementation for change, resource allocation, risk assessment, and methods for tracking and evaluating change outcomes.
- Sustaining and Embedding Change: Learn strategies for sustaining change in the long term by embedding it within organizational culture and operations. Discover techniques for evaluating change effectiveness, supporting employees through transitions, and ensuring long-term change adoption.
