Governance, Risk and Compliance (GRC)

21 December 2026 – 1 January 2027
Amsterdam (Netherlands)

Governance, Risk and Compliance (GRC)

Ref: 3254332_307269 **Date:** 21 December 2026 – 1 January 2027 **Location:** Amsterdam (Netherlands) **Fees:** 10600 GBP

Introduction

In today's complex business environment, Governance, Risk, and Compliance GRC has become a cornerstone of organizational success. This intensive course provides participants with a solid understanding of GRC principles, strategies, and tools required to ensure compliance, manage risks effectively, and enhance governance structures.

Through a combination of theoretical foundations, real-world case studies, and interactive sessions, participants will explore the latest GRC frameworks, learn risk management techniques, understand compliance requirements, and discover how cybersecurity, data privacy, ethical leadership, and ESG factors are reshaping GRC practices globally.

Course Objectives

By the end of this course, participants will be able to:

- Understand the fundamental principles of Governance, Risk, and Compliance GRC.
- Apply governance frameworks such as COSO and COBIT to strengthen oversight.
- Develop practical risk management strategies, including risk appetite, tolerance, and mitigation.
- Design and implement effective compliance management programs.
- Leverage technology, AI, and automation to enhance GRC efficiency.
- Address cybersecurity and data privacy regulations such as GDPR and CCPA.
- Promote ethical leadership and foster a strong corporate culture of compliance.
- Integrate GRC frameworks with organizational objectives for resilience and adaptability.
- Analyze emerging GRC trends, including ESG and business continuity practices.

Course Outlines
