CAL Essentials for Team and Organization Leaders

Ref: 3254426_309997 **Date:** 10 – 14 May 2027 **Location:** Singapore (Singapore) **Fees:** 5400 GBP

Introduction

In today's fast-paced and dynamic business landscape, organizational leadership plays a crucial role in ensuring adaptability and success. The Certified Agile Leadership CAL Essentials course is a comprehensive team leadership training course that empowers participants with the tools, frameworks, and skills necessary to thrive in complex and rapidly changing environments. This leadership and team training program is designed to help leaders foster collaboration, drive innovation, and implement agile leadership practices effectively.

By mastering the CAL framework, participants will not only gain a deeper understanding of organizational leadership meaning but also develop advanced skills to train as a team in leadership, enhancing both personal and organizational growth.

Course Objectives

- Understand organizational leadership: Define organizational leadership and explore its importance in managing change and uncertainty.
- Master the CAL framework: Gain insights into the CAL framework and its role in building agile, high-performing teams.
- Develop leadership and team training skills: Enhance team leadership skills training to empower self-organizing teams and inspire accountability.
- Foster collaboration and innovation: Build a culture of trust, continuous improvement, and innovation within teams and organizations.
- Adapt to complexity and change: Learn strategies for organizational leadership and development in complex and uncertain environments.
- Drive organizational agility: Apply agile leadership practices to implement large-scale changes and foster sustainable growth.
