Strategic Partnership Development and Alliance Management

Ref: 3255082_331375 **Date:** 30 August – 3 September 2027 **Location:** Munich (Germany) **Fees:** 5200 GBP

Introduction

In today's interconnected business world, no organization succeeds in isolation. Strategic partnerships and alliances have become powerful levers for innovation, market expansion, resource optimization, and long-term value creation. The Strategic Partnership Development & Alliance Management course is designed to equip professionals in the MENA region with the frameworks and tools necessary to build, manage, and grow high-impact partnerships.

Tailored for executives, team leaders, and specialists across industries—ranging from oil & gas, banking, telecom, and government, to HR, marketing, and project management—this course delivers actionable strategies to identify the right partners, design mutually beneficial agreements, and sustain successful alliances over time.

Participants will walk away with both strategic insight and operational know-how to navigate complex stakeholder environments and build win-win collaborations.

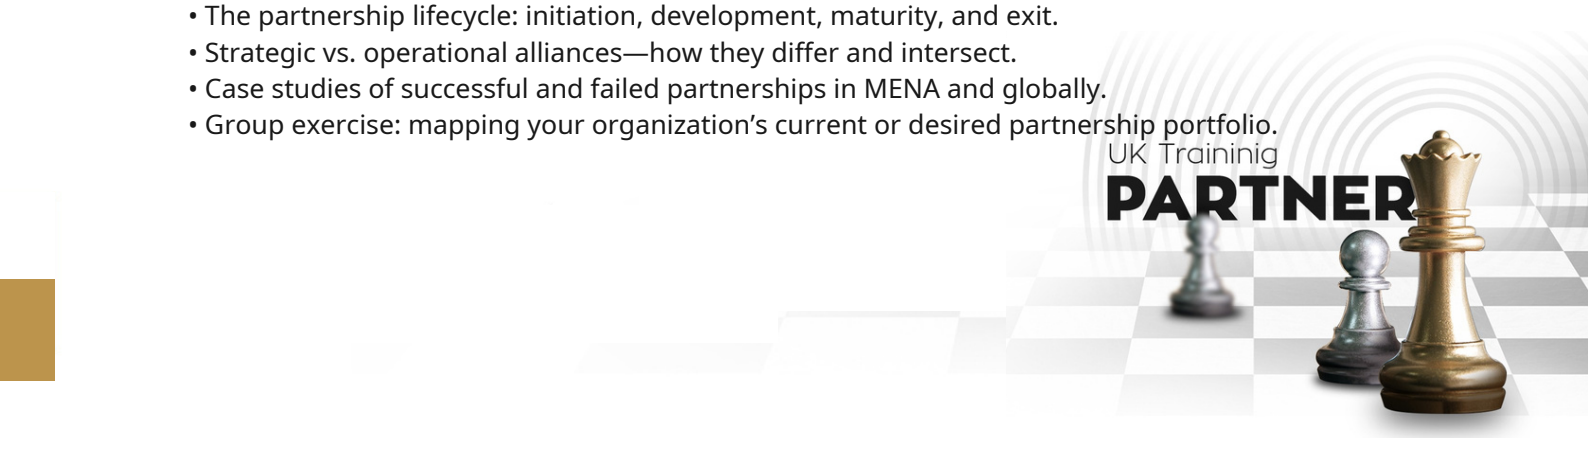

Course Objectives

- Understand the core principles of strategic partnerships and alliance ecosystems.
- Analyze partnership opportunities using structured evaluation tools.
- Identify and select potential partners aligned with business objectives.
- Design partnership models that are operationally sound and mutually beneficial.
- Draft partnership agreements with clear governance, roles, and responsibilities.
- Manage alliance dynamics across cultures, sectors, and stakeholder types.
- Resolve conflicts and maintain alignment throughout the partnership lifecycle.
- Measure partnership performance using relevant KPIs and success indicators.

Course Outlines
