Healthcare Marketing Fundamentals

Ref: 3255523_343952 **Date:** 3 – 7 May 2027 **Location:** London (UK) **Fees:** 4900 GBP

Introduction

Healthcare organizations today are operating in an increasingly competitive environment, alongside rising patient expectations and rapid digital transformation. Marketing in healthcare is no longer optional. It has become a critical function for building trust, improving patient engagement, and supporting sustainable organizational growth.

The Healthcare Marketing Fundamentals Course is specifically designed for professionals with limited or early-stage experience in marketing who work within healthcare environments. The course provides a clear, practical, and structured introduction to marketing concepts tailored to clinics, hospitals, and healthcare services.

Whether you work in a private clinic, hospital administration, medical services, or healthcare support functions, this course equips you with essential skills to communicate value ethically, attract patients responsibly, and strengthen your organization's market presence.

Course Objectives

By the end of this course, participants will be able to:

- Understand the fundamentals of marketing within the healthcare sector.
- Recognize how healthcare marketing differs from traditional commercial marketing.
- Build essential marketing knowledge suitable for professionals with limited experience.
- Apply ethical, patient-centered marketing practices.
- Develop simple and effective marketing plans for healthcare services.
- Improve patient communication, engagement, and trust.
- Use digital and traditional marketing tools appropriately in healthcare settings.
- Contribute effectively to healthcare marketing activities.

Course Outlines
